

New Registered Massage Therapists

Opportunities – Massage Addict Calgary Sage Hill Crossing

Making the transition from classroom to clinic is an exciting time but choosing a place to practice that meets your needs can sometimes seem overwhelming. Considering options that fit your lifestyle, provide you with work/life balance, support your career growth, recognize your achievements and is close to home can make this a challenging decision.

How we support your success as a new RMT: Our team provides full-service business and administrative support, which includes taking care of the rent, bookings, billing, and laundry so that you can successfully focus 100% on your clients' therapeutic needs. Additionally, we'll provide you with:

- An established (and growing) client base;
- Flexible scheduling that works for you
- National, regional, and local marketing campaigns
- Full-time reception coverage
- All of your supplies & PPE's

What we offer:

- An attractive compensation package
- No non-compete clause
- Health-care benefits package (optional for full time RMTs)
- Free and unlimited access to the Dexterity online learning platform
- Continuing education support
- A collaborative multidisciplinary team who cross-refers clients within the clinic
- An awesome clinic culture

We invite you to come take a tour of our clinic to see how Massage Addict Calgary Sage Hill Crossing can support your career plan and help you achieve your professional and personal goals. Speak with members of our team, and discover why Massage Addict is a great place to work!

Locally Owned. Proudly Canadian: We are so proud of our East Coast roots that began, back in 2008, with a massage therapy clinic in Halifax. Over the years, as the market evolved and changed, we also evolved and changed, and grew to 100 clinics operating across the country. Seeing increased demand for additional therapeutic solutions led to the introduction of Reflexology (2018), Acupuncture (2019), and Chiropractic Care (2020). We provide 65,000+ treatments each month; 83% of which are to help relieve pain or reduce stress and/ or anxiety.

Massage Addict is proud to partner with The Arthritis Society.
